TECHNICAL AND OPERATIONAL UPDATE (TOU) 16-2

SECTION 1 -- MESSAGE TO CJIS SYSTEMS OFFICERS.....1-1

SECTION 2 -- SYSTEM CHANGES

2.1 -- MODIFICATION TO THE NCIC SYSTEM MONTHLY
MAINTENANCE DAY.....2-1

2.2 -- EXPANSION OF THE USE FOR PROTECTION ORDER
CONDITION CODE 08.....2-3

SECTION 3 -- NCIC CODE MANUAL UPDATES.....3-1

ATTENTION:

As part of the ongoing efforts to automate the *NCIC Code Manual*, future code changes in the NCIC System will be presented quarterly via the Law Enforcement Enterprise Portal (LEEP). This change will take effect in August 2016.

CJIS Systems Officers (CSOs) and State Identification Bureau (SIB) representatives will receive an administrative message in The International Justice and Public Safety Network (Nlets) and an e-mail notifying them of additions, deletions, or changes to the codes. CSOs and SIBs should distribute the information appropriately.

NOTE: This only affects codes listed in the *NCIC Code Manual*. Policy changes reflected in the *NCIC Operating Manual* will continue to be presented in TOUs on an as-needed basis.

SECTION 1 -- MESSAGE TO CJIS SYSTEMS OFFICERS

Section 2.1 of this TOU provides a modification to the NCIC System monthly maintenance day.

Section 2.2 gives information on the expansion of the use for protection order condition code 08.

Section 3 of this TOU provides updates to the *NCIC 2000 Code Manual*.

* * * * *

TOUs are also available via the the Law Enforcement Enterprise Portal (LEEP). To access the TOUs on the LEEP:

- Click on the SIG logo
- Click the “Browse SIGs” link
- Click the Access Type drop down arrow and select Unrestricted
- Click the CJIS logo
- Click on the Programs tab
- Click on the National Crime Information Center (NCIC) link
- Under Documents, click on the NCIC SIG
- Under Manuals and Enhancements, click on the NCIC Technical and Operational updates Folder.

Users with questions concerning access to the SIG service and LEEP should contact the Online Services and Operations Unit at (304) 625-5555.

SECTION 2 -- SYSTEM CHANGES

2.1 MODIFICATION TO THE NCIC SYSTEM MONTHLY MAINTENANCE DAY

AFFECTED BY CHANGE: **Introduction**

EFFECTIVE DATE: **October 4, 2016**

Background

During its December 2015 meeting, the CJIS Advisory Policy Board (APB) approved a modification to the NCIC System monthly maintenance day from the first Sunday of each month to the first Tuesday of each month. The NCIC System monthly maintenance will begin at 4:00 AM and end at 6:00 AM Eastern Standard Time. A notification will continue to be sent via an International Justice and Public Safety Network (Nlets) Administrative Message (AM) reminding NCIC System users of the scheduled maintenance. The NCIC System will be out of service during this time.

NCIC 2000 Operating Manual Changes

Additions to the *NCIC 2000 Operating Manual* (December 1999) are indicated by **highlighting**, and deletions are indicated by ~~strikeout~~.

INTRODUCTION

SECTION 5.5 -- STANDARDS FOR SYSTEM AVAILABILITY

1. The NCIC 2000 System availability goals shall be 100 percent with 99 percent as minimum acceptable performance.
2. The CTA computer availability goals shall be 100 percent with 98 percent as minimum availability time.
3. The local/regional computer availability goals shall be 100 percent with 96 percent as minimum.
4. The NCIC 2000 System will undergo monthly maintenance on the first Tuesday of each month from 4:00 AM to 6:00 AM Eastern Standard Time. During this time, the NCIC System will be out of service.

2.2 EXPANSION OF THE USE FOR PROTECTION ORDER CONDITION CODE 08

AFFECTED BY CHANGE: **Protection Order File**

EFFECTIVE DATE: **Immediate**

Background

At its June 2015 meeting, the CJIS Advisory Policy Board (APB) endorsed the expansion of the NCIC Protection Order File (POF) criteria for entry to include Criminal Bail Protection Orders (CBPO). The CJIS APB approved the use of Protection Order Condition (PCO) code 08 with the following mandatory caveat in the Miscellaneous (MIS) Field: “CRIMINAL BAIL PROTECTION ORDER.”

NCIC 2000 Operating Manual Changes

Additions to the *NCIC 2000 Operating Manual* (December 1999) are indicated by **highlighting**, and deletions are indicated by ~~strikeout~~.

2.5 MESSAGE FIELD CODES FOR ENTRY**1. DATE OF EXPIRATION (EXP)**

The EXP is the date the protection order (final, temporary, or emergency) expires. If the protection order does not have an expiration date, NONEXP should be entered.

2. PROTECTION ORDER CONDITIONS (PCO)

The terms and conditions of the protection order are indicated in the PCO Field. An additional eight conditions may be added by entering a supplemental record. Specific details of terms and conditions are placed in the MIS Field. PCO codes are the following:

PCO Code	Translation
01	01 - THE SUBJECT IS RESTRAINED FROM ASSAULTING, THREATENING, ABUSING, HARASSING, FOLLOWING, INTERFERING WITH, OR STALKING THE PROTECTED PERSON AND/OR THE CHILD OF THE PROTECTED PERSON.
02	02 - THE SUBJECT MAY NOT THREATEN A MEMBER OF THE PROTECTED PERSON'S FAMILY OR HOUSE-HOLD.
03	03 - THE PROTECTED PERSON IS GRANTED EXCLUSIVE POSSESSION OF THE RESIDENCE OR HOUSEHOLD.
04	04 - THE SUBJECT IS REQUIRED TO STAY AWAY FROM THE RESIDENCE, PROPERTY, SCHOOL, OR PLACE OF EMPLOYMENT OF THE PROTECTED PERSON OR OTHER FAMILY OR HOUSEHOLD MEMBER.
05	05 - THE SUBJECT IS RESTRAINED FROM MAKING ANY COMMUNICATION WITH THE PROTECTED PERSON, INCLUDING BUT NOT LIMITED TO, PERSONAL, WRITTEN OR TELEPHONE CONTACT, OR THEIR EMPLOYERS, EMPLOYEES, FELLOW WORKERS, OR OTHERS WITH WHOM THE COMMUNICATION WOULD BE LIKELY TO CAUSE ANNOYANCE OR ALARM THE VICTIM.
06	06 - THE SUBJECT HAS VISITATION OR CUSTODY RIGHTS OF THE CHILD(REN) NAMED.
07	07 - THE SUBJECT IS PROHIBITED FROM POSSESSING AND/OR PURCHASING A FIREARM OR OTHER WEAPONS AS IDENTIFIED IN THE MISCELLANEOUS FIELD.

08	08 - SEE THE MISCELLANEOUS FIELD FOR COMMENTS REGARDING THE TERMS AND CONDITIONS OF THE ORDER.
09	09 - THE PROTECTED PERSON IS AWARDED TEMPORARY EXCLUSIVE CUSTODY OF THE CHILD(REN) NAMED.

3. BRADY RECORD INDICATOR (BRD)

1. Protection orders meeting certain criteria disqualify an individual from possessing, purchasing, or receiving a firearm per Federal Law 18, USC 922.
2. An order that restrains an individual from harassing, stalking, threatening, or engaging in other conduct that would place an intimate partner in reasonable fear of bodily injury to the partner or a child of the partner disqualifies that individual from possessing, purchasing, or receiving a firearm providing that the order:
 1. Was issued after a hearing, of which the subject received actual notice, and at which such person had an opportunity to participate, and;
 - 2a. Includes a finding that the subject represents a credible threat to the physical safety of an intimate partner or child.
 - b. Explicitly prohibits the use, attempted use, or threatened use of physical force against an intimate partner or child that would reasonably be expected to cause bodily injury.
3. If the criteria are met and the subject is considered Brady disqualified, Y should be entered in the BRD Field. This will cause a caveat to be generated as part of a response to an NCIC 2000 inquiry. The caveat follows the protection order alert but precedes the NCIC 2000 record and reads:

****THE SUBJECT OF THIS RECORD IS PROHIBITED FROM RECEIVING OR POSSESSING A FIREARM UNDER FEDERAL LAW (TITLE 18, U.S.C., SECTION 922)****
4. Only a final protection order record (MKE/EPO or EPOC) can contain a Brady indicator of Y or U (unknown). Emergency or temporary orders(MKE/ETO or ETOC) issued *ex parte* do not meet the criteria specified by law, and, therefore, N must be entered in the field.
5. Prior to entering the record, an entering agency should make every attempt to determine the firearm disqualification status. The U code should be used when the

status remains unknown after reviewing all available documentation. When no attempt is made to determine the disqualification status, a BRD code should not be included in the record (MKE/EPO or EPOC).

6. The federal firearm prohibition does not apply unless the relationship between the subject of a protection order (respondent) and the protected person (petitioner) is that of an intimate partner or child of an intimate partner.

Intimate Partner--with respect to a person, the spouse of the person, a former spouse of the person, an individual who is a parent of a child of the person, and an individual who cohabit or has cohabited with the person.

Cohabitation--requires a live-in relationship (or former live-in relationship) between two (2) individuals (can be same sex) which, in essence, is a sexual/romantic relationship, NOT merely a roommate.

The following chart contains relationships frequently encountered on protection orders and the corresponding value for the BRD Field.

PROTECTED PERSON	SUBJECT	BRD
Spouse	Spouse	Y
Former spouse	Former spouse	Y
Unmarried Child in Common	Unmarried Child in Common	Y
Unmarried Currently or formerly living together unless documentation of cohabitation exists	Unmarried Currently or formerly living together unless documentation of cohabitation exists	U
Child	Parent	Y
Stepchild	Stepparent	Y
Currently or formerly cohabiting	Currently or formerly cohabiting	Y
Parent	Child	N
Nephew/Niece	Uncle/Aunt	N
Uncle/Aunt	Nephew/Niece	N
Grandchild	Grandparent	N
Grandparent	Grandchild	N
Brother/Sister	Brother/Sister	N
Cousins	Cousins	N
Roommates	Roommates	N
Neighbors	Neighbors	N

Stepparent	Stepchild	N
Boyfriend/Girlfriend unless cohabitation exists	Boyfriend/Girlfriend unless cohabitation exists	N
Same sex, cohabiting, intimate relationship	Same sex, cohabiting, intimate relationship	Y
Stranger	Stranger	N

4. PROTECTED PERSON NAME (PPN)

The PPN contains the name of the person protected by the order. If the name of the protected person and his/her date of birth and/or Social Security number (NCIC 2000 only) is known, the data should be placed in the corresponding fields. The *NCIC 2000 Code Manual* (December 2000), Personal Descriptors, provides detailed instructions on the coding of a name. When only the name of the protected person is known, it can be placed in the MIS Field.

5. PROTECTED PERSON DATE OF BIRTH (PPB)

For NCIC-formatted messages, this field is mandatory if information is placed in the PPN Field.

6. MISCELLANEOUS (MIS) FIELD

1. If a caution indicator is used in the message key, the reason for the caution must be entered as the first item in the MIS Field (NCIC format only). Aliases, nicknames (monikers), vehicle data, dates of birth, Social Security numbers, and operator's license numbers should not be entered in the MIS Field. All additional searchable data should be entered as a supplemental record (MKE/EPNO) illustrated and explained in Section 8 of this chapter, as this procedure increases the chances of a hit on the record.
2. If the entry contains an FBI number/UCN, the entering agency may obtain a copy of the subject's manual identification record by entering the alphabetic code Send Identification Record (SIR) as the last item in the MIS Field. A blank character must precede SIR if other information is included in the MIS Field.
3. When an agency enters a POF record with a protection order condition of 08, the terms and conditions must be entered in the MIS Field.
4. This field should be used to further explain the conditions of an order. For example, if the terms and conditions of the PCO state that the subject is restrained from entering the residence, property, school, or place of employment of the protected person(s) or

of the other family or household members of the protected person, then such information is shown in the MIS Field. For example:

MIS/100 FEET OFF MANOR DRIVE EXCEPT WHEN PICKING UP CHILDREN
MIS/FOR VISITATION.

Additionally, the MIS Field should contain details regarding service of the order.

5. When an agency enters a POF record with a protection order condition of 07 and the weapon is not a firearm, the weapon must be identified in the MIS Field.
6. When an agency enters a POF record with an MPO, protection order condition 08 will be used with the following mandatory caveat in the MIS Field:

“THIS IS A MILITARY PROTECTIVE ORDER AND MAY NOT BE ENFORCEABLE BY NON-MILITARY AUTHORITIES. IF SUBJECT IS IN POSSIBLE VIOLATION OF THE ORDER, ADVISE THE ENTERING AGENCY (MILITARY LAW ENFORCEMENT).”

7. When an agency enters a POF record with a Criminal Bail Protection Order, protection order condition 08 will be used with the following mandatory caveat in the MIS Field: “CRIMINAL BAIL PROTECTION ORDER.”

7. ORIGINATING AGENCY CASE NUMBER (OCA)

The entering agency should ensure the OCA is a unique number assigned to the case within the agency. For NCIC records not related to an investigative case, the OCA Field must still be unique (e.g., state system-assigned number, filing system number, state identification number).

8. SERVICE INFORMATION DATA (SVC and SVD)

When the SVD Field is populated with the date the protection order was served, the SVC Field must contain 1.

SECTION 3 – NCIC CODE MANUAL UPDATES

ARTICLE DATA CODES

Revised Article Data Codes for drones

TOU 15-2 provided the addition of Article Data Codes for drones. The following information provides guidance on entering information on drones into NCIC.

Drones **under** .55 pounds are **NOT** subject to Federal Aviation Administration (FAA) Registration and should be entered into the NCIC’s Article File.

NOTE: Drones **over** .55 pounds are subject to Federal Aviation Administration (FAA) Registration and rules. These drones should be entered into the NCIC’s Vehicle File. *See page 3-17 of this TOU for more information.*

The following revisions should be made to the drone codes in the *NCIC Code Manual*. Additions to the *NCIC Code Manual* are indicated by **highlighting**, and deletions are indicated by ~~strikeout~~.

VEHICLE DATA CODES

The following provides guidance on the entry of information into NCIC regarding **Unmanned Aircraft Systems (drones)**.

Drones **over** .55 pounds are subject to Federal Aviation Administration (FAA) Registration and should be entered into the NCIC Vehicle File.

The coding below should be used for entry into the NCIC Vehicle File.

Vehicle Make (**VMA/AERO**)

Vehicle Model (**VMO/DRN**)

Vehicle Style (**VST/DN**)

Further describe the item in the Miscellaneous (MIS) Field of the entry.

See page 3-65 of this TOU for more information on the addition of the VMO and the VST codes regarding drones.

NOTE: Drones **under** .55 pounds are **NOT** subject to Federal Aviation Administration (FAA) Registration and rules. These drones should be entered into the NCIC Article File.

The following should be added to:
